A MESSAGE FROM THE MINISTER OF GOVERNMENT SERVICES

The telephone directory is probably the most important single communications tool in government.

In recognition of this fact, a good deal of thought has been given during the past year to making this book as effective as possible.

Directory users both in and out of government have been asked for their recommendations, and a total revision of the format is complete with the present issue.

Our objective has been to make the information contained in the book easily accessible, and through having the publication as inexpensive as possible, keep it current through frequent printings.

Responsibility for providing accurate input for the directory on a continuing basis has been assigned by Management Board to the senior information officer in each ministry.

You can therefore help maintain a high standard of accuracy in the directory by communicating any listing changes to your ministry's information unit.

INCOMING CALLS:

Persons calling you from outside—

- (a) On local calls—they must dial the three digit prefix and the last 4 digits of your number.
- (b) On long distance calls—our area code is 416. Instruct persons who may call you from outside **our** numbering plan area to dial the area code 416 plus your complete telephone number, e.g., 965-1234.

TRANSFERRING CALLS:

You may transfer incoming calls which have been direct-dialed or connected through the switchboard. **You cannot transfer internal calls.** Tell the person that you are transferring the call; then **momentarily depress the handset cradle button once, release, and wait for the operator to answer.** Ask the operator to transfer the call to the desired local.

GOOD TELEPHONE HABITS

Answer Promptly and Distinctly, giving your name or the name of your ministry or both. For example: "Smith speaking" or "Ministry of Revenue, Smith".

When answering another person's telephone give both his name and yours. For example: "Mr. Smith's office, Miss Smart speaking".

Make arrangements for adequate answering of your telephone when you are absent from your desk. Leave word where you may be reached and/or when you will be available.

When you make a call, identify yourself at once.

When you leave word for someone to call you, make sure you leave your telephone number as well as your name.

Always replace the receiver carefully when you've finished a call, allowing the calling party to hang up first.

Be sure you dial correctly in order to avoid annoying other employees. If you dial a wrong number, always apologize for your error.

DIRECT-IN-DIALING

DIRECT-IN-DIALING IS THE PRIME FEATURE OF THE ONTARIO GOVERNMENT'S "CENTREX" TELEPHONE SYSTEM. TO RECEIVE TELEPHONE CALLS DIRECTLY FROM OUTSIDE THE "CENTREX" SYSTEM, QUOTE THE PREFIX "965" FOLLOWED BY THE LAST 4 DIGITS OF YOUR EXTENSION NUMBER, UNLESS YOU ARE LOCATED IN THE DOWNSVIEW AREA IN WHICH CASE THE PREFIX IS "248".

TO ENCOURAGE PEOPLE TO DIAL YOUR EXTENSION DIRECTLY, GIVE YOUR TELEPHONE NUMBER AS, E.G., 965-1234, OR, IF LOCATED IN DOWNSVIEW, 248-1234. ALWAYS ADVERTISE YOUR DIRECT-IN-DIALING NUMBER ON OUTGOING MAIL AND WHEN IN VERBAL CONTACT WITH BUSINESS ASSOCIATES.

HOW TO OBTAIN TELEPHONE DIRECTORIES

Copies of this directory and Bell Canada directories may be obtained through your Telephone Directory Co-ordinator.

HOW TO OBTAIN OUT-OF-TOWN TELEPHONE NUMBERS

Bell Canada provides out-of-town telephone numbers at no charge through their long distance directory assistance. Dial 9 + 1 plus the area code of the place you want plus 555-1212. For numbers in your own area code (416) dial 9 + 1 + 555-1212.

HOW TO ARRANGE FOR TELEPHONE, INTERCOM AND SIGNAL SERVICES

Additions or changes to telephone, intercom and signal services, or assistance in planning suitable service installations, should be arranged through the Telephone Services Section, Ministry of Government Services.

It is essential that requests be received as far in advance as possible so that work can be completed when required.

LONG DISTANCE PROCEDURES

To minimize telephone costs on long distance calls to locations not served by inter-city lines, **we urge you to use Station-to-Station calling where possible.** Station-to-Station calling rates are considerably less than Person-to-Person rates and may be dialed to most cities, (DDD). See area code list in your city telephone directory.

(a) FOR DIRECT DISTANCE DIALING (DDD):

- (1) Listen for dial tone.
- (2) Dial "9" for outside line.
- (3) Dial "1" to connect you with the DDD equipment.
- (4) Followed by the area code if necessary.
- (5) and the distant telephone number.

NOTE: If you have trouble on your call, promptly dial the long distance operator and give her the details of your call, such as, your telephone number, the number and place you dialed and nature of trouble.

(b) FOR OPERATOR HANDLED LONG DISTANCE CALLS

When calling a Government office in a location not served by either the Inter-City lines or by DDD, and when placing all person to person, credit card, third number billed, and collect calls, proceed as follows:

- (1) Listen for dial tone.
- (2) Dial "9".
- (3) Dial "0".
- (4) Tell the operator the area code and the telephone number of the place you are calling.
- (5) If the call is person to person, give the name or extension number required.
- (6) Give the number of the telephone you are using when the operator asks for it.

INTER-CITY SERVICE

The localities listed below are served with toll free Inter-City lines. These lines are provided for the conduct of **government business** and are not to be used for personal calls. All business calls to these localities should be placed by this means, due to the considerable economies realized in lieu of regular long distance. To reach the localities served by these Inter-City lines proceed as follows:—

- (a) Consult the list of localities for the appropriate three-digit access code.
- (b) Dial the access code to obtain your line. You will hear dial tone; proceed to dial the seven digit telephone number of the party you are calling as if you were in that locality. There will be a pause before ringing or busy tone is received. **DO NOT REDIAL.**

NOTE: For Downsview, dial tone will return after the first digit of the access code is dialed. **DO NOT REDIAL THE FIRST DIGIT**, but continue to dial the remaining two digits of the access code, followed by the seven digit number of the telephone you are calling.

To access the inter-city network most efficiently, users who receive a busy signal are offered the following advice.

- (a) All locations marked with an asterisk are serviced by only a few lines. When a busy signal is received, at least two minutes should elapse before the next dialing attempt.
- (b) For all other locations, repeat dialing attempts should be spaced out by a minimum of ten seconds.
